

Licorice Knots Activity

Required: long shoestring licorice

Use licorice for practicing knot tying in a fun way

Make a contest between patrols – first scout pulls the name of a knot out of a bag and has to tie it, tell judge what it is used for, and get acceptance.

Then, next scout repeats. Allow scouts within a patrol to advise and demonstrate to each other to build teamwork, but the scout has to actually tie the knot he picks out.

In the end, he gets to eat his licorice knots!!!!!!
